

GOOD THINGS HAPPEN WHEN YOU BLUE RENEW.*

DID YOU KNOW?

According to Practice Greenhealth,

5.9 Million tons

of waste are generated each year
from more than¹

5000 hospitals

in the U.S. alone.²

85%

of hospital waste is composed
of non-infectious materials.³

Over 20%

of hospital waste is plastic packaging
and products.⁴

HALYARD HEALTH DEVELOPED THE BLUE RENEW* PROGRAM

to assist our customers in recycling used, clean
HALYARD* Sterilization Wrap.

Thanks to BLUE RENEW* more than

250 Hospitals

in North America are diverting over

4 million pounds

of wrap from landfills each year⁵
saving U.S. hospitals over \$280K.⁶

Halyard has supported more than

750 hospitals

with wrap recycling initiatives.⁵

WHAT SETS BLUE RENEW* APART FROM OTHER RECYCLING PROGRAMS?

- BLUE RENEW* is not a "one size fits all" program. It is customized to YOUR needs so you can actively **ACHIEVE YOUR GOALS**.
- Halyard Health provides complimentary professional on-site consulting services to educate and train your staff as well as monitor and report annually on your BLUE RENEW* performance. These value added services are worth over \$6,000⁷ per facility.

WE HELP YOU...

CONNECT with local waste haulers
and recyclers.

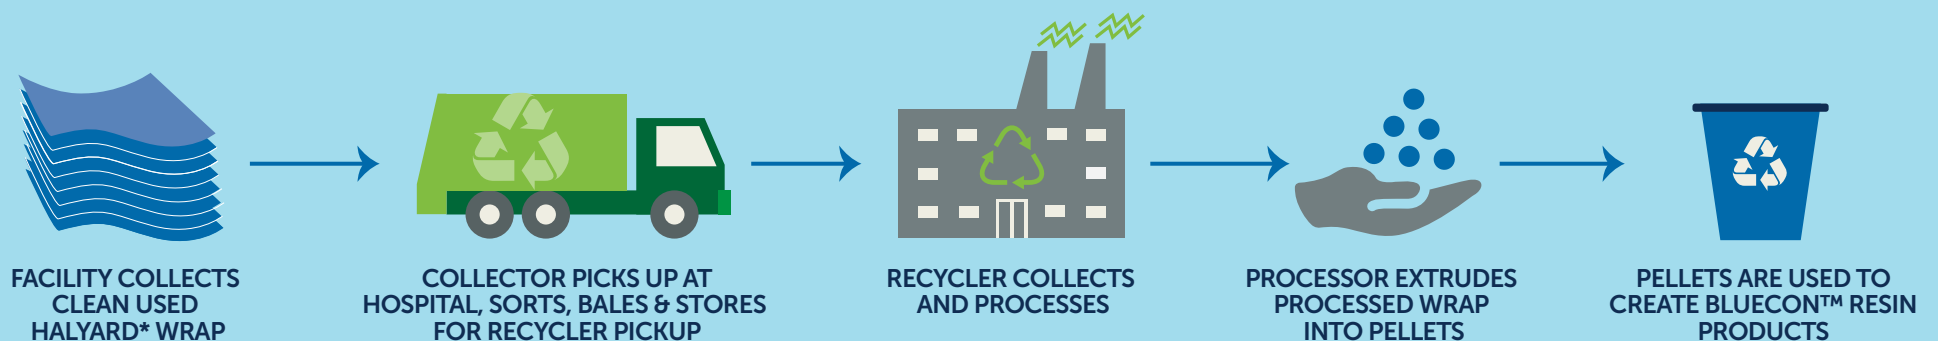

EDUCATE your OR staff on the
critical factors to success with the
Blue Renew program.

ACHIEVE YOUR GOALS by sharing our
recycling expertise.

TRACK AND MEASURE recycling
performance by providing metrics to include in
your sustainability report.

HERE'S HOW BLUE RENEW* WORKS:

**INSTEAD OF CLOGGING
LANDFILLS**, your recycled HALYARD* Wrap is
ready to begin a second life with **BlueCON Resin™
Products**, derived from Halyard's BLUE RENEW*
Recycling Program.

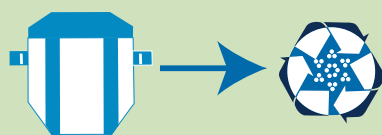

BlueCON Resin™

BlueCON Resin™ Products include
distribution and product totes, garbage cans,
bedpans and wash basins.

**AT HALYARD HEALTH, WE SHARE
YOUR CONCERN ABOUT THE
ENVIRONMENT.**

In 2016, we diverted **99.6%** of our
manufacturing waste from landfills.⁵

ARE YOU READY TO BLUE RENEW?

- It's a great way to demonstrate your facility's commitment to the community and the environment!
- Just let your Halyard Health Representative know you'd like to establish a Blue ReNew Program in your facility.

If you'd like to know more about Blue ReNew,
visit: www.halyardhealth.com/bluerenew

Or call 1-844-HALYARD (1-844-425-9273) in the
United States and Canada.
